

INFANT JESUS COLLEGE OF ARTS AND  
SCIENCE FOR WOMEN  
MULAGUMOODU

7<sup>th</sup> COLLEGE DAY

31 March, 2023

Annual Report

Honourable Chief Guest, **Dr. J. Sacratees**, Controller of Examinations, Manonmaniam Sundaranar University, Members of the Management, Sr. Francin Nevis, Secretary, Heads of the Departments, Learned Professors, Administrative staff, Parents, Guests and dear students,

With much honour and privilege I present the report that mirrored the success trail of the academic year 2022-2023 before the august gathering.

May I begin by recalling the great views of Albert Einstein on education? Education helps us get exposure to new ideas and concepts that we can use to appreciate and improve the world around us and the world within us. We can proudly say that in Infant Jesus College of Arts and Science for Women, we impart the kind of education that paves way for the holistic development of the students by enhancing their knowledge and social values.

**First of all let me bring to light the prime activity of the institution, which is the TEACHING LEARNING PROCESS.**

The whole art of teaching is only the art of awakening the natural curiosity of young minds. Teaching and learning process can be conceptualized as one of transferring knowledge from the teachers to the students. The ultimate aim is to establish a cordial relationship between the teacher and the student with the available communication technology, computer networks and information technology. Our college boasts of making use of all these technologies with, approximately, 200 computers helping ICT enabled environment to the aid of the teachers and the students. Our teachers are well versed in ICT enabled teaching. However as per the policies of Higher Education our teachers adopt the different methods for Teaching Learning process, like:

- Lecture method
- Teaching with Power point presentation
- Group study
- Seminar
- Experimental demonstration for science streams
- Quiz programmes
- LCD display
- Debates
- Group discussions
- Peer teaching

As Teaching and learning process is defined as a transformation process of knowledge from the teachers to the students our teachers are aware that learning is the cardinal factor while teaching students.

### **TUTOR -WARD/MENTORING SYSTEM**

“A mentor is someone who sees more talent and ability within you, than you see in yourself, and helps bring it out of you.”

An effective mentoring system is in place in our College. Our mentoring programme is designed to pair students with mentors, the teachers themselves, who can assist in their personal growth. Mentoring is more than just sharing knowledge. Mentors help mentees identify their own goals and offer empowerment and encouragement to guide them to achieve their goals, or solve any challenges along the way. Mentors offer insight and support as their mentees develop their own methods during their career path.

## **CELEBRATIONS**

“Tell me, and I forget, teach me, and I may remember, involve me and I learn.”  
Benjamin Franklin.

These words can be aptly related to a student’s journey from an ordinary student to a high-spirited leader. The vibrant college life is incomplete without a fest and constitutes a major part of the students’ life. These celebrations widen the horizons of a student's learning experience. College festivals augment a student’s practical learning experience. Many students take the initiative and become a part of the internal committees of colleges and develop managerial skills, learn networking and soft skills and leadership qualities.

“Synergy leads to success.”

Celebrations are always blended with relevance and significance and are evident, as different departments separately and in unison conducted various programmes.

## **SYMPOSIUM**

- An Intercollegiate Seminar, “POWTHIK Fest 2K23” was conducted by the department of Physics on 20.01.2023. Dr. A. Meena, Assistant Professor of Physics, S.T. Hindu College, Nagercoil was the chief guest. She gave a Lecture on “Advanced Aspects of Physics”. Around 100 students and staff from different colleges attended the program.

- A State level seminar was conducted by the department of Chemistry on 24.02.2023. Shri. A.V. Sathish, Scientific Officer, Nuclear power project Kudankulam gave a useful talk on “The Role of Nuclear Energy in Sustainable Development and Solution to Climate Change”. Inter collegiate quiz, power point presentation and essay competitions were conducted. Students from various colleges participated and won prizes.

### **National Science Day**

The Departments of Physics, Chemistry, Mathematics, Computer Science & Nutrition and Dietetics organized the “National Science Day” programme on 28-02-2023. In this connection the science departments organized a science exhibition as “Science Expo-2023”.

Mrs. B. Nisha, Assistant Professor of Computer Science & IQAC Co-ordinator, gave the National Science Day message. We conducted competitions such as Elocution- “Global Science for Global well-being” and fancy dress showcasing various Scientists and finally distributed prizes to the winners. We also conducted an Online Quiz for school and college students. 256 students participated and received certificates online.

### **World Space Week**

The Department of Physics celebrated “**World Space Week**” on 10-10-2022. **Dr. S. Dickson Benjamin**, Former Associate Professor, Nesamony Memorial Christian College, Marthandam was the chief guest. He gave a Lecture on “**Space Physics**” and a Motivational talk to our students. ## **STUDENTS' ACHIEVEMENTS**

1. The Hand ball team participated in the intercollegiate Handball tournament. Deepthy R D (II B.Sc. Maths) was selected for the inter- university hand ball team.
2. The Hockey team participated in CM Trophy Women's Hockey tournament. Theebika S (III B.Sc. CS), Angelin Shalini A S (I B.Sc. CS), Jebisha M (III B.Sc. CS) and Sneakha S R (II M.Sc. Maths) were selected for the District hockey team.

## **INFA OPERA**

INFA OPERA is the name given to the Fine Arts Association. Nearly 17 competitions were conducted. This year INFA OPERA was conducted on 10<sup>th</sup> March 2023. The students participated in different categories. The Department of English became the Overall Champion. The Department of Mathematics took the Runner up trophy.

## **DEPARTMENT ASSOCIATIONS AND ACTIVITIES**

Department Associations develop and explore the students' strengths and talents apart from their academic matters. They create opportunities for the students to interact and participate in group activities outside the rigid circle of the classroom. Department Associations develop the overall personality of the students and help them develop stronger time-management and organizational skills.

The Chemistry association, **CHEMSTORM-'22**, was inaugurated on 21-09-2022 by Dr. T.F. Abbs Fen Reji, Associate Professor, Department of Chemistry, NMCC, Marthandam. He gave a useful talk on **“Green Chemical approach to photodynamic Therapy.”** Power point presentation competition was conducted for the students on the topic ‘Chemistry in Everyday life’.

The Department of Physics organized the Association Inauguration on 23-09-2022 for the Academic Year 2022-2023. **Dr. A. Rejo Jeice**, Associate Professor, Annai Velankanni College, Tholayavattam was the chief guest. He gave a Lecture on **“Recent Trends in Physics”** and a motivational talk to our students.

## **OTHER ACTIVITIES:**

### **Remedial Coaching**

Generally, the teachers easily identify the students, who need special care. Mentoring system additionally helps the teachers to narrow down on such students. Special attention is given to such students by the respective departments.

### **Skill training**

One of the salient features of our college is the skill training given to the students and to the teachers. Apart from academic skills, training in tailoring is given to the teachers as well as the students. They claim that it was very useful during the time of Corona pandemic.

### **Inauguration of the Auditorium**

With immense joy, we celebrated the Quasquicentennial Ceremony of ICM Congregation on 07-11-2022. It began with the inauguration of the second floor of the Quasquicentennial Block, which functions as the auditorium with splendor. Most Rev. Bishop Nasarane of Kottar Diocese solemnized the occasion by leading the Holy Eucharist. This day was the commemoration of the arrival of Mother Marie Louise De Meester, Foundress of ICM Congregation, to India. Having

established her Congregation in India, she travelled all over the world to start communities. The congregation, she started, is doing yeoman service to the humanity all over the world.

### **Ph.D. AWARDED**

- **Dr. J.A. Jose Ezhil**, Department of Mathematics was awarded with the **Ph.D.** degree, for her thesis entitled “Edge Tri magic Graceful Labeling of Graphs” on 27.06.2022.
- **Dr. A. Sruthi Mol**, Department of Computer Science was awarded with the **Ph.D.** degree, for her thesis entitled “A Novel Reinforcement Extraction Scheme for Relational Database” on 18.11.2022.

Let us congratulate them on their achievement.
